worldwide sales of chemicals fell from €1,144bn in 1991 to €941bn last year, according to CEFIC, the European chemical industry's trade association. But it looks more and more like a new regime is coming, and they (and we) are going to have to get ready for it.

This results in an increased risk of symptoms of endometriosis.

If cost of living is your primary motivation for thinking about moving to another country, I recommend you focus on these choice.
